

**Department:--Mechanical**  
**Academic Year—2014-15**  
**Final Year Project List**

SN	Name of Project
1	Design, Manufacturing & Analysis of Carbon
2	Agricultural Equipment for Aeration of soil
3	Design and Fabrication of Reverse Transmission for Moped
4	Fabrication of Regenerative Suspension system
5	Solar Energy Operated Crane
6	Humanoid Pick and Place Robot
7	Design, Development and Testing of Heat Exchanger through Heat Recovery
8	Automobile Air conditioning Using Vortex Tube
9	Weight & Shape Optimization Of Quid Bike Chassis
10	Rapid Prototyping By fused Deposition Modelling
