

## Guest Lecture on “Awareness of Research Paper Writing and Publications” under R&D Activity

**Caption: Guest Lecture on “Awareness of Research Paper Writing and Publications”**

### **Description about the event**

Department of Mechanical Engineering GHRCEM, Pune has organized Guest Lecture on “**Awareness of Research Paper Writing and Publications**” on dated 22<sup>nd</sup> Sept. 2018 from 10:00 am to 11.00 am for the SY and PG students and faculty members of Department of mechanical engineering GHRCEM, Pune. Dr. Adik R. Yadao welcomed Dr. S.H. Gawande, Professor at Wadia College of Engineering Pune.

Dr. R.R. Arakerimath briefs about the importance of Research paper writing and publications. Total 64 students were present in this Guest Lecture. Prof. Dr. S.H. Gawande gives the detail about Importance of Research paper, along with How to write research paper. Guest lecture was ended by giving vote of thanks by Dr. Adik R. Yadao.

Writing a research paper will help the students to develop or improve reading skills. It helps in developing reading for critical evaluation not just for the purpose of knowledge. Also It helps develop reasoning skills as students read any article or book to collect sources for research paper. It helps the students think differently and think out of the box when read something and develop the skill of making conclusion from what students read and ask questions from yourself whether they agree with it or not.
