ALUMNI VISITS ON CAMPUS

It has always been a pleasure to welcome Alumni on campus to address the students, give talks, being part of the Orientation Programme, as Guest Lectures / Visiting Faculty, being Mentors to the students.

Its been pleasure to say that one of our alumni has visited to our civil department. He is working as a civil engineer in gurukrupa pvt ltd, and he addressed to the students his working activities, experience and his thoughts, working conditions etc.

After the end alumni speech students get motivated and many students asked the relevant questions and cleared all their doubts. Finally our civil department had given vote of thanks to alumni for his wonderful speech and sharing his field experience to the students.

Thanking you
