

SELECTION FOR SIX MONTHS INTERNSHIP OF PERSISTENT

Caption: Selection of TY IT Students for 6 months internship in Persistent Systems

Description about the Selection Process:

Internships have become a major aspect in every student's personal growth and development. Internships give students tremendous understanding of a particular industry and helps them make a well-informed career choice. This importance implies a need to provide more and better opportunities and variety to the student community. It is also the part of curriculum. Keeping this in mind, the Training & Placement Cell of RGI, Pune have organized the internship drive by Persistent Systems Pvt. Ltd. On 12th November 2018.

In the first phase, online test was conducted during 11:00AM to 12:00. Total 120 students of T.Y. BTech IT have registered for this drive and 80 students have appeared for this test. For the second phase, 20 students of TY have shortlisted for the interview process. The interview process was held on 29 November 2018 at Persistent Systems, Nal-stop, Pune office. In this final process 04 students are finally selected for the 6 months internship.

For this entire process, T&P officer Mr. Sachin Umare, T&P Coordinator Dr. Premendra Bansod and HOD IT Ms. Simran Khiani have guided the students and these students will be benefited to work with this MNC through internship.
